## Section 4 — Your Role

### Section label:Your Role as Ambassador

As an Ambassador, your role doesn't stop at signing up. You'll bring new people from your region into the relay, follow the stream as it moves around the world, and take your own moment to share your story and work at a dedicated showcase after the relay, ethical, and compassionate — and you're one of the people helping build it.

Below Carry the relay forward:

Make as 3 cards or bullet points

#### 1. Bring Your Region to the Relay

Recruit students, researchers, and changemakers from your region to register and join the conversation. Your referral code tracks who you bring in.

#### 2. Watch the Relay, Then Take Your Own Stage

Follow the 24-hour stream as it passes from region to region. Then, at a dedicated showcase after the relay, share your story, your work, or your perspective — your own moment, separate from the live broadcast.

#### 3. Build Something That Outlasts the Relay

Over the following 3-6 months, take one concrete idea, project, or piece of research from concept to execution, with support from your cohort and mentors.

## Section 6 — Your Ambassador Tasks

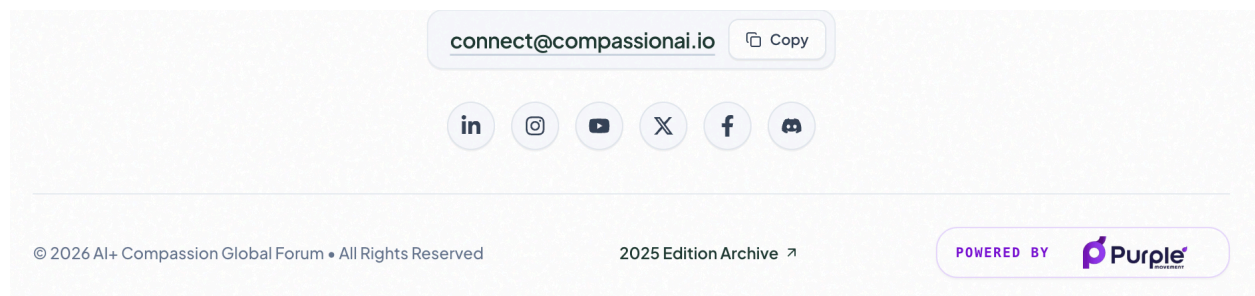

To complete onboarding:

1. Add your LinkedIn Ambassador Badge
2. Share your Twibbon across socials.

To earn Certificate of Ambassadorship:

4. Bring 10 people or more to register using your referral code shared via mail.
  5. Share one post about the relay and tag us.
  6. Showcase yourself or any of your work at Demo Day, held after your region's relay segment.
- It is your chance to network with fellow ambassadors, share your story and gain visibility.
